CONGRESSMAN, SENATOR TALK AT LINCOLN DAY DINNER

Assurance that the United States is "tremendously ahead of Russia" in missile development was combined by Congressman James Fulton of Allegheny County with a tribute to President Lincoln in his address at the annual Lincoln Day dinner of Adams County Republicans Wednesday night at the Moose home. About 235 attended.

Congressman Fulton, senior member of the House Foreign Affairs committee, spoke confidently of the United States policy of developing a whole group of weapons, a balanced force, with emphasis on the guided missiles.

He compared Russia's all out efforts on "spunkies" and the intercontinental ballistic missile with German strategy with Big Bertha in World War I. "I've been briefed and I know. Americans shouldn't get excited or worried. We have a fine bi-partisan strategy and we are united on foreign policy," he said.

Urges Doorbell Ringing
Earlier in the evening with Attorney Donald M. Swope presiding as toastmaster, former Burgess Fred G. Pfeffer recited Lincoln's Gettysburg Address and State Senator Douglas H. Elliott, of Chambersburg, made a plea for registering voters. He left a few minutes later for Chambersburg where he was to attend another Lincoln birthday celebration.

Opening his talk with a quotation from former Speaker Joseph Martin that urged Republicans throughout the nation to "roll up your sleeves," Senator Elliott said: "The question is how many doorbells have you rung and how many are you going to ring for the Republican party. We hold the destiny of our party in our hands in Pennsylvania right now. The governorship is at stake this year and we can gain control of Congress."

"Our registered majority in Pennsylvania is dangerously low. We can no longer sit back and deride our opponents. The time for action is now and the state and county chairmen and committee-men can't do the job alone. Remember, if people aren't registered they can't vote."

Selections By Octet
The program opened with the pledge to the flag and the singing of the "Star Spangled Banner" after which the invocation was given by the Rev. Robert A. Macaskill, local Presbyterian pastor. After the roast turkey dinner, there was music by an octet from Biglerville.

The singers were Bernice Thrush, Carolyn and Ruthanna Muselman, Judy Bosserman, Harold Oliver, Lynn Lerew and Robert Ehlman. Their piano accompanist was Susan Baer. They sang a group of numbers including "Madame Jeannette" and "Happy Wanderer."

On the platform back of the speakers' table was a large picture of Abraham Lincoln, flanked by pictures of President Eisenhower and Vice President Nixon.

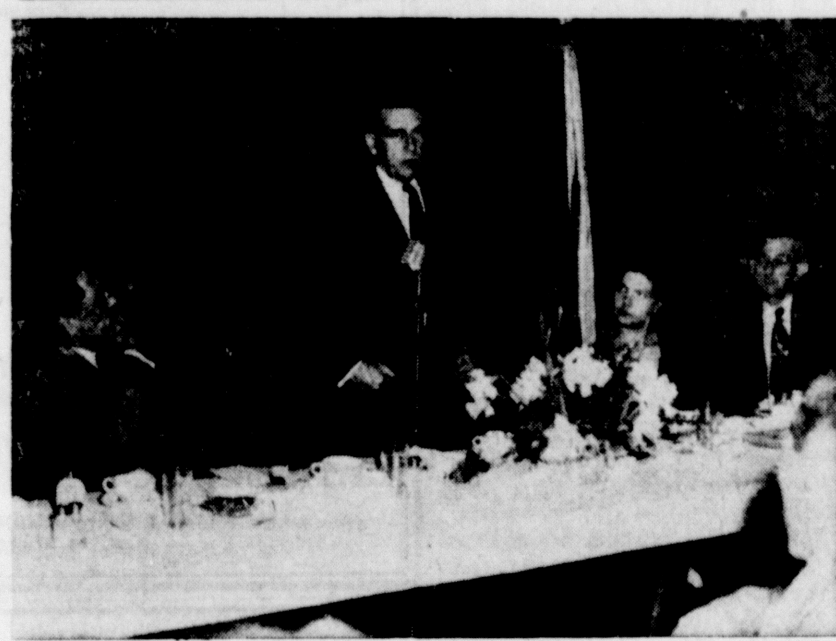

Introduced during the evening was Harry G. Deatrick, Baltimore, St., as a candidate "who has been voting Republican for 70 years."

Toastmaster Swope read a telegram from President Eisenhower noting the Lincoln anniversary and then introduced these guests at the speakers' table: Assemblyman Francis and Mrs. Worley; State Committeeman Frank Slonaker, County Chairman William I. (Continued On Page 3)

MT. PLEASANT'S POPULATION IS UP 442 SINCE '50

Mt. Pleasant Twp. now has 2,309 residents, an increase of 442 over the 1,867 listed in the 1950 census, Louis W. Wagaman, secretary of the Mt. Pleasant Twp. board of supervisors, announced today.

Wagaman said he had been notified by the U. S. Department of Commerce, Bureau of Census, of the new population figure listed as of January 28.

The actual taking of the census occurred on January 29, 30 and 31 when five enumerators visited every home in the township to make the tally.

Cites Many Benefits
Wagaman said he asked the census bureau for a breakdown of the figures as to men, women and children but was told that only the final figures can be given in connection with "in between" enumerations held in other than the normal census years each decade.

Wagaman said the census was conducted by Daniel S. Hallon, special census supervisor, out of the Philadelphia Census Bureau office, who set up an office at the Catholic War Veterans Home, Bonneauville, for the four days required. The five enumerators, Steven Sanders, Bernard Sneringer, Norman Weaver, Joseph Storm and Fred Hartlaub, received their instruction on January 28 and then made the census during the next three days turning their findings over to Hallon who then made the final tabulation from the information obtained.

Cost of the census was \$650.00, paid by the Catholic War Veterans. Wagaman said the Mount Pleasant supervisors decided to ask for the special census because "it helps the whole township. It will help the supervisors, because we'll get more from the state. We expect about \$500 or \$600 more a year and we may be even able to get the additional amount this year. Similarly the school board will be helped because they will get upwards of \$800 a year more. And thus everybody in the township will be helped. The Catholic War Veterans have been seeking a license for their club and the census will help them."

COUNTY COUNCIL OF PTA GROUPS HEARS PANEL

A panel on "Positive Training of Our Youth" was conducted for the Adams County Council of Parent-Teacher Associations Wednesday evening at their meeting at the Rolling Acres School in Littlestown. Mrs. R. C. Harbaugh, Littlestown, county president, presided with representatives in attendance from units in Gettysburg, Littlestown, Reading Twp., Conewago Twp. and Arendtsville.

All PTA units are asked to make membership reports to the county membership chairman, Mrs. Clarence Seaman, Biglerville. Reports on the number of subscriptions to the national PTA magazine are to go to Mrs. William Wright, Aspers. The date for the spring district PTA conference was announced as April 19. It will be held at Camp Curtin High School, Harrisburg.

To Elect In April 17
This nominating committee was elected in preparation for the election of officers at the annual district meeting to be held April 17 in Biglerville: Mrs. Donald White, Gettysburg R. 2; Mrs. Joseph Stoner, East Berlin; Marvin Fox, Bendersville; Kenneth Kroh, Littlestown, and Clair Settle, Biglerville.

Mrs. Charles A. Smith, of Gettysburg, moderated the panel discussion with these persons serving as members of the panel: Dean Stover, Rev. Lester J. Karshner, Delroy Anderson and Mrs. Daniel A. Paddock. The Rev. Mr. Karshner said the church should create in children a respect for authority outside themselves and said the church should be the best agency for training of young children.

Mr. Stover said that the present situation with regard to juvenile delinquency is not the fault of the schools. He said the effect is bad when youngsters hear adults ridicule the educational system. Mrs. Paddock spoke of the foster home system for dependent and neglected children and of the need of those children for "love and understanding" from foster parents, neighbors and teachers.

Mr. Anderson, the county probation officer, said the county generally has good homes where parents are doing a good job. No youngsters now are on probation from broken homes but rather from homes where both parents are working and not on hand to help and supervise their youngsters.

COUNCIL TO MEET

The Fifth District Youth Council will meet Monday at 7:30 p.m. at the Idaville UB Church.

Airman Passes Halfway Mark In Simulated Trip To Moon

SAN ANTONIO, Tex. (AP) — Air Force scientists showed optimism today as Airman Donald Farrell passed the halfway mark on his simulated moon flight.

The blond, six-foot airman from the Bronx, after theoretically flying over lunar wastes, was speeding earthward again in his make-believe flight in a compact space cabin.

The airman, still bright and chipper, completed the halfway mark at 9:35 p.m. last night. His seven-day flight is scheduled to end Sunday.

"We are constantly surprised," said Lt. Col. George R. Steinkamp, "at Farrell's continual alertness, lack of fatigue, and especially his lack of boredom." Steinkamp is head of the department of space medicine, School of Aviation Medicine, at Randolph Air Force Base here.

FIREMEN PLAN NEW KITCHEN AT REC FIELD

Gettysburg firemen, at a meeting in the engine house Wednesday evening, discussed plans to construct a kitchen at the recreation field, increase membership in the ambulance corps, hold the annual ladies night dinner next Tuesday evening and to hold a drill Monday evening.

Fire Chief Donald E. Staub announced the special drill Monday night to familiarize firemen with use of the resuscitator, "Iron lung" and other special equipment. He also urged members to attend a Red Cross first aid course being held Wednesday night at 7 p.m. under sponsorship of the local PTA at the Keefeauver School. He expressed thanks and appreciation to the firemen for their service at recent fires.

Seek Ambulance Volunteers
Donald W. McSherry, chairman of the ambulance corps, reported that 50 have volunteered their services for the operation of the ambulances. He asked members to send cards to Raymond Menges by next Wednesday at which time a new list of ambulance corpsmen will be prepared and dates set for their periods of duty. The corpsmen are on duty for one-week periods approximately every six weeks.

McSherry also announced that the corps will ask that \$1,000 be turned over to a special ambulance fund from the proceeds of the festival in connection with the 95th Battle Anniversary. \$130 has been received so far in donations from persons for whom ambulance service was provided, "but our expenses have been \$320," principally because of a needed motor overhaul in one ambulance.

Plan \$1,800 Kitchen
A petition asking that the state legislature pass a law absolving fire companies and similar non-profit groups from paying the three per cent sales tax, prepared by the Adams County Firemen's Association, was circulated for signatures.

Glenn Weishaar, chairman of the planning commission, said present plans are to construct a 20 by 30 foot concrete block kitchen at the recreation field at a cost of about \$1,800. The plan is part of a program to expand facilities at the field. This year a tent will be used as a dining (Continued On Page 3)

Schwartz testified before a special House investigation subcommittee which dismissed him Monday as its counsel.

Chairman Harris (D-Ark) said the committee may ask the Justice Department to prosecute Schwartz. He said the former counsel had violated federal law by removing certain papers from the committee's offices.

Schwartz said: "I accuse the majority of the subcommittee of firing me knowing that I have secured evidence of the payment of money to a Federal Communications Commission commissioner in a comparative contested television case."

NEGRO ON TRIAL FOR PROWLING AND LOITERING

Jehu Clarence Govans, rear of E. Broadway, negro handyman, was on trial today on charges of prowling and loitering brought by Miss Ruth Z. Miller, 36 W. Water St.

Miss Miller testified this morning that at about 10 o'clock on Saturday night, October 26, she was returning to her home and saw a man kneeling on the window sill at the dining room of her home. She testified that no one was in the house at the time but a light was burning in the dining room.

She and Officer Clarence Cluck testified the window was locked but a kitchen window was open.

Three defendants were found guilty by Adams County juries Wednesday afternoon.

Working on Lincoln's birthday at a result of their own vote the jury heard three cases and returned verdicts in all of them by 4:45 o'clock Wednesday afternoon.

Found guilty were John D. Becker, S. Washington St., second-hand store proprietor, charged with eight counts of firearms law violation; Mrs. Mary Menchey, Hanover R. 5, charged with contributing to the delinquency of a minor and receiving stolen goods and Rex M. King, Orrtanna R. 1, charged with setting up gambling devices.

Four men who had been sentenced last August to from six to 12 months in jail each on larceny charges were released Wednesday afternoon at 5 o'clock. They are: Donald Cool, Emmitsburg; William Myers, Emmitsburg R. 1; Clarence Stouter, Orrtanna R. 1, and Raymond Springer, Emmitsburg R. 1.

Faces Florida Charges
A fifth man placed on parole was returned to jail because he has to face charges in Florida. Willie Franklin Linton, Fort Lauderdale, Fla., who was sentenced last September to from six to 12 months on a burglary and larceny charge, was placed on parole and signed a waiver permitting his return to Florida to face larceny charges there.

Emanuel Marrero, Puerto Rican farm laborer who has resided in the Bendersville area for the last six years, testified that last August he was walking along S. Washington St. when Becker invited him into the store, showed him a number of items which were for sale and then showed him a .32 caliber automatic pistol, which Marrero said he purchased for \$45. He said that he had not been called upon to wait three days for the weapon or to fill out any form, but was given the pistol in exchange for his money.

Becker Issues Denial
State Policeman Robert Brady said he found Marrero in possession of the pistol, asked him to tell where he purchased it and then went with Marrero to Becker's store where Marrero pointed out Becker (Continued On Page 3)

CONSERVATIVES SUFFER SEVERE LOSS AT POLLS

LONDON (AP) — A shattering defeat in an election to fill a House of Commons vacancy cast gloom today over supporters of Britain's Conservative government.

The waning popularity of the Conservative rulers headed by Prime Minister Macmillan was pointed out dramatically in the north England textile city of Rochdale.

The Conservatives ran a poor third to both the opposition Labor party and the normally weak Liberals.

Runs Poor Third

Final returns gave Laborite Jack McCann 22,133 votes, Liberal Ludovic Kennedy 17,603 and Conservative John Parkinson 9,827.

Conservative leaders had been reconciled in advance to loss of the election, but the magnitude of the defeat came as a surprise. In a straight Conservative-Labor fight in 1955, the Conservative candidate—who died recently—beat McCann 26,518-24,928.

The outcome was no great plumb in the Labor party's pudding since it too lost ground. Those who previously voted Conservative obviously switched to Kennedy, the Liberal, in protest against the government, a trend that has been growing in recent special parliamentary elections.

May Lose More Seats

The Rochdale result, said the Conservative Daily Mail, "shows that the intervention of Liberal candidates at the next election may rob them (the Conservatives) of many seats."

The Times, nominally independent but usually pro-Conservative, said the outcome may force Macmillan to ask for a new general election before the statutory term of his government ends in 1960. British prime ministers traditionally "go to the country" for a vote of confidence when it becomes doubtful that their policies command the support of a national majority.

MIKE WILDING WEDS DIVORCEE

LAS VEGAS, Nev. (AP) — Actor Michael Wilding and Mrs. Susan Nell, a London divorcee and interior decorator, eloped here by plane from Los Angeles and were married in a wedding chapel last night.

The British film player, 45, former husband of actress Elizabeth Taylor, and Mrs. Nell, 42, obtained a marriage license shortly after 10 p.m. at the marriage license bureau in downtown Las Vegas.

Eluding newsmen, they went to the Little Wedding Chapel Around the Corner, also in downtown Las Vegas, where the Rev. James Herndon performed the simple, single-ring ceremony. He said both appeared calm.

Two-Day Honeymoon

They told reporters waiting outside they would honeymoon for two days at the Sahara Hotel, after which their plans are unsettled.

The bride wouldn't say who her former husband was.

On the marriage license application she gave her address as West Los Angeles and said she was divorced in London last July.

Records in London indicated Wilding is the bride's fourth husband. She was reported in the British capital to have been married successively to Andre Simon, not otherwise identified; Roy Kelino, British movie director and cameraman and former husband of actor James Mason's wife; and Walter Nell, head of a large dairy company.

Wilding and Miss Taylor were divorced in June 1956. Miss Taylor now is married to showman Mike Todd.

Master Recommends Divorce For Woman

Attorney Donald G. Oyler recommends the divorce of Verna C. (Mummet) Becker, Abbottstown, a beautician, from her husband, Henry J. Becker, a plumber, according to his report as master filed in the prothonotary's office.

The couple married December 21, 1946, at Spring Grove R. D. according to the master's report. The divorce is recommended on grounds of desertion. The couple has one child.

Express Thanks For 'Too Many Donations'

Mr. and Mrs. Francis Miller, Gettysburg R. 5, whose home was destroyed by fire Sunday, today expressed their appreciation to "all those who have helped us so much" and at the same time asked discontinuation of the donations.

BRITISH WORK BETTER ROCKET WITH U. S. HELP

LONDON (P)—The British government announced today it is developing a ballistic rocket more advanced than the Americans now possess and is designing it for launching from underground sites.

A white paper published by the Defense Ministry said this weapon "is being developed on the highest priority in close cooperation" with the United States.

The white paper said the agreement under which American intermediate range ballistic missiles will be located in Britain "will be completed shortly."

Regarding the relative strength of the West and the Soviet Union, the document said: "Russia's successful launching of artificial satellites is evidence of her remarkable progress in rocket development. But it should not be thought that this has upset the balance of military power."

World War Unlikely

The government said balancing fears in East and West of mutual annihilation make a world war unlikely "for another generation or more."

The white paper said if the Soviet Union launched a major attack on the West, "even with conventional forces only," the Western powers "would have to hit back with strategic nuclear weapons."

The Soviet Union, for geographic reasons, is more vulnerable to rocket attack than are the Western powers, the government said, explaining: "The over-all superiority of the West is like to increase rather than diminish as a consequence of the advent of medium range ballistic rockets. These weapons, against which there is at present no answer."

as the person who had sold him the gun.

Brady said Becker denied knowledge of the gun or of selling anything to Marrero. Brady also said that Becker held no Pennsylvania license to sell pistols or revolvers.

On the stand Becker said he had never sold anything but shotguns at his store. He said the only pistol "around the place was that old housekeeper's pistol I got in trouble with when I chased that Puerto Rican who was running after my wife."

Becker said he had never heard of a Pennsylvania license to sell firearms, but had a federal permit. Becker denied that Brady had been in the store with Marrero, that Brady was alone and stopped outside the store and remained in a car to ask about the matter. He denied arguing with District Attorney Daniel E. Teeter that the federal license gave him a right to sell pistols, saying he "wasn't arguing, only discussing."

The jury retired at 4:40 o'clock.

Face 8 Counts

The charge against Becker included selling without a license, failing to require a purchaser to fill out certain information, failure to turn that information over to police within six hours, failure to make the purchaser wait 48 hours as required by law before turning over the gun to the buyer, etc., for a total of eight counts.

Paul L. Cooley, Arendtsville, foreman on the jury hearing the trial of Rex M. King, Orrtanna R. 1, on charges of setting up gambling devices, handed up the jury's verdict of guilty at 3:10 o'clock. The jury had retired at 2:26 o'clock to begin deliberation.

King, operator of the Tick Tock service station on Mt. Newman, was charged with "paying off" on "wins" on a pinball machine at the service station.

Begin Menchey Case

Trial of Mrs. Mary Menchey, Hanover R. 5, on charges of contributing to the delinquency of a 13-year-old son and receiving stolen goods, was resumed Wednesday afternoon after a "vacation" for the jury that morning. The trial had been scheduled to continue Wednesday morning but was postponed because Mrs. Menchey failed to appear. Sheriff Dawson Miller, who was sent by the court to get her, said she told him she was unable to arrange transportation to court that morning.

On cross examination Mrs. Menchey maintained that money she gave officers was found by her and had not been given her by her son. The commonwealth had contended the son gave her \$31.50 after burglarizing a New Oxford service station and that she knew the money was stolen at that time, or at least the next evening. Mrs. Menchey turned \$10 over to police two days after the robbery when they asked for the money her son said he had given her.

One Radio Voice Aboard U.S. Satellite Fades As Expected

By C. YATES MCDANIEL

WASHINGTON (P)—One of the Explorer's two radio voices was silent today, less than two weeks after the American satellite began circling the earth.

The Naval Research Laboratory announced that tracking stations no longer were receiving any signals from one transmitter aboard the 30-pound metal tube coursing through space at about 18,000 miles an hour.

Signals from the second transmitter, a lower-powered set, continue sending back vital scientific information for its predicted life of from two to three months.

After the Army's Explorer lofted into space Jan. 31, Army and Navy scientists estimated that its larger transmitter would last from two to three weeks.

Radio signals from the first Russian Sputnik, launched Oct. 4, faded out within three weeks. The Soviet satellite itself vanished in early December, probably disintegrating in the earth's atmosphere.

Sputnik II, launched Nov. 3, was not heard from after seven days. But it is still speeding around the earth carrying a lifeless dog.

The low-powered transmitter still sending signals from the American Explorer has the job principally of providing tracking stations with information on its whereabouts.

However, satellite scientists said its tiny battery was producing enough power to report data on temperatures within the satellite.

The jury retired at 4:40 o'clock.

Face 8 Counts

The charge against Becker included selling without a license, failing to require a purchaser to fill out certain information, failure to turn that information over to police within six hours, failure to make the purchaser wait 48 hours as required by law before turning over the gun to the buyer, etc., for a total of eight counts.

Paul L. Cooley, Arendtsville, foreman on the jury hearing the trial of Rex M. King, Orrtanna R. 1, on charges of setting up gambling devices, handed up the jury's verdict of guilty at 3:10 o'clock. The jury had retired at 2:26 o'clock to begin deliberation.

King, operator of the Tick Tock service station on Mt. Newman, was charged with "paying off" on "wins" on a pinball machine at the service station.

Begin Menchey Case

Trial of Mrs. Mary Menchey, Hanover R. 5, on charges of contributing to the delinquency of a 13-year-old son and receiving stolen goods, was resumed Wednesday afternoon after a "vacation" for the jury that morning. The trial had been scheduled to continue Wednesday morning but was postponed because Mrs. Menchey failed to appear. Sheriff Dawson Miller, who was sent by the court to get her, said she told him she was unable to arrange transportation to court that morning.

On cross examination Mrs. Menchey maintained that money she gave officers was found by her and had not been given her by her son. The commonwealth had contended the son gave her \$31.50 after burglarizing a New Oxford service station and that she knew the money was stolen at that time, or at least the next evening. Mrs. Menchey turned \$10 over to police two days after the robbery when they asked for the money her son said he had given her.

The job of the Naval Academy Board of Visitors is to keep tab on scholastic standards at the institution and to make recommendations regarding the needs of the academy. Walker's appointment was announced yesterday.

FAUBUS BLOCKS NAACP FRANCHISE

LITTLE ROCK, Ark. (P)—Gov. Orval Faubus revoked the state franchise of the National Assn. for the Advancement of Colored People yesterday.

Two new reports of racial incidents came out of integrated Central High School.

And Supt. Virgil Blossom recommended the expulsion of a Negro girl from the trouble-ridden school. He said she violated an agreement not to fight back against white students' harassment.

Faubus signed a proclamation taking the NAACP and about 300 other corporations off the roll of chartered organizations because they failed to pay 1957 franchise taxes by a Feb. 1 deadline.

His action had the effect of dissolving the NAACP in Arkansas. Under a 1953 state law, the NAACP could regain its franchise by paying delinquent taxes and applying for reinstatement.

Secretary of the Air Force James H. Douglas said this in appearing at a closed-door hearing Friday.

The armed services got more money to speed missiles and other defense programs when President Eisenhower signed an emergency bill totaling \$1,410,000,000. Of this total, \$1,260,000,000 is new money and 150 millions represents authority to transfer previously appropriated funds.

On WGET Tonight

After the banquet, Congressman Fulton went to WGET with Mrs. William M. Lott for a taped interview which will be heard this evening at 7:15 o'clock on the regular AAUW-sponsored program.

Wednesday's banquet was sponsored jointly by the Adams County Republican committee, The Young Republicans and the Republican Women's Council.

Congressman Fulton, delayed by snow and auto trouble did not reach the banquet hall until about an hour after the dinner started. He returned to Pittsburgh Wednesday night.

Pianist for group singing was Mrs. Howard Hartzell. Dinner organ music was played by Robert E. Baker.

schools; Richard Folkenroth, Gettysburg elementary supervisor; William C. Darrah, professor of biology at Gettysburg College; Mrs. W. E. Jordan, a parent, and Mrs. John Crow, president of the local Parent-Teacher Association.

Citing the problems induced by increased school population, the efforts to reach all levels of pupils, the cry for new curricula to meet the needs of the space age, Mrs. Smith called upon panel members to discuss phases of the school situation.

First speaker was Superintendent Riegle who said schools should not "panic into short-range, unbalanced programs because we hear so much about the Russians." He continued: "We haven't been standing still. At the beginning of World War II, the average American had a ninth grade education. Now the average is 12 years. Schools have been studying curricula and other problems long before Sputnik. That has only helped accelerate our interest in public schools."

Contrasts Educational Aims

He contrasted Russian and American aims in education and warned against switching U. S. education to pattern after another country. He said "America is unique and its educational system should fit its aims and principals." He suggested that too much emphasis has been placed on education so that "when the pupil leaves school, he can earn dollars. We need to develop a healthy respect for learning, especially for kinds that don't show any immediate income or profit."

Dr. Darrah spoke next as a scientist and declared: "We are missing our main opportunity if we don't recognize the values inherent in education." Citing parent-induced attitudes toward material success on the part of students, he stressed the importance of instilling right senses of values, intellectual curiosity and integrity in young people.

"We don't put a high enough premium on self-reliance, intellectual honesty and reliability," he said. "Education should uncover and discover the intellectual capacities of the individual."

Mr. Folkenroth described the special education program initiated

in the intermediate grade level in the local schools this year. He explained plans for its expansion next year and discussed the purposes and benefits of the program.

Asks Better Relations

Mrs. Jordan asked for "stronger and happier" relationships between teachers and parents and for more frank reports from teachers to parents on their children's problems.

The present situation in the state and nation with regard to junior colleges was the subject of County Superintendent Keefer's remarks. Every state "has junior colleges and the number, now 598, is growing rapidly in the nation. There are now 650,000 students in 48 curricula in junior colleges, he said. Pennsylvania has 17,600 students in 21 junior colleges with Hershey, Penn. Hall and York Junior College the nearest to Gettysburg. He described Pennsylvania standards and requirements for junior colleges which he said "appear to fill a real need."

Mrs. Martin reported on the importance of the school census being taken currently in all districts of the Gettysburg Joint School district.

Final speaker was Mrs. Crow who said the biggest task of the PTA is to "listen to professionals, read, consult teachers and decide what we can help our educators accomplish." She described the aim of the PTA as "to unite efforts between the public and the educational system."

Mrs. Sterling Musselman, who had introduced the panel moderator, thanked the group. Mrs. R. D. Wickerham, club president, expressed her thanks and invited the panel members and the approximately 50 clubwomen who heard the discussion to remain for refreshments.

Today's Talk

FELLOW FEELING

Until we are adequately equipped to praise or censure, we must have that one quality — fellow feeling.

Usually people criticize the things in others which are very glaringly evident in themselves.

And as easily do we sympathize with those whose sympathy overflows and touches ours.

Feelings which we share with others must of very necessity be a part of the vital fiber of the other fellow.

Understanding is feeling — fellow feeling.

And it is this fellow feeling — which is a network of power everywhere — that makes us and keeps us human and helpful.

If you are large in fellow feeling, you are sure to easily and quickly forgive the faults and failures in others. For you are seeing yourself worked out.

It is too bad that we see the flaws in our friend all too soon. The spirit of an act is so much greater than the act-entire. One's vast character is so much finer than any particular defect.

So frequently a man is appraised quickly for his social or business standing. As though teeth, or clothing, or coat of arms, or fortune, or position had anything to do with the size or caliber of a man's heart or brain.

Fellow feeling alone is able to knit the world into a social unit of lasting usefulness.

When folks get down to feeling with the other fellow, instead of at him, there will be real progress and there need then be no fear of world chaos.

The job is up to us all. Will you join?

Tomorrow Mr. Adams will talk on the subject: "Go Through!"

Just Folks

TIME TO CHEER

When the days are gloomiest,
That is the time to try
To wear your brightest, sunniest smile.

Not when the sun is high,
When the clouds are grayest and
The sun disdains to shine,
It only makes the day seem worse
If man is heard to whine.

It doesn't help a man a bit
To cheer him when he's up;
But kindly words have wondrous power
When sorrow fills his cup.

He'll happy be, when fortune comes,
No matter what you say;
But Oh! he needs your help and love
When all his clouds seem gray.

The dark days are the days to smile,
Likewise, the men to cheer
Are those whom sad misfortune claims:

Not those whose skies are clear,
That man who's up requires no help.
For he has gained the crown.
So, save your cheers to help the man

Still fighting, though he's down.

13-YEAR-OLD BOYS WIN TOP SCOUTING HONOR

The highlights of the annual Court of Awards held by Littlestown Boy Scout Troop No. 84 Wednesday evening was the presentation of two Eagle Scout awards, the highest award in scouting. The affair was held in the Littlestown High School cafeteria. A large number of Scouts, officials, parents and friends were in attendance.

Paul Allen Bowman, son of Mr. and Mrs. Paul M. Bowman, Prince St., and Robert Hahn, son of Mrs. Kathryn M. Hahn, 59 W. Myrtle St., and the late C. Paul Hahn, were the recipients of the Eagle Scout awards.

Stanley C. Rogers, field representative of the Black Walnut District, presided for the awards ceremony and was introduced by James P. Hahn, assistant scoutmaster of Troop 84. The honored Scouts were escorted to the honor board by Explorers Jack Rudisill and David Slusser. Mr. Rogers gave the awards to Mrs. Bowman and Mrs. Hahn, who then pinned them on their sons. Miniature Eagle pins were then given to the mothers by Scouts Bowman and Hahn. Each boy also received a personal letter from Chief Scout Executive of Boy Scouts of America Arthur Schuck.

Only 13 Years Old
Scout Bowman has earned 21 merit badges and started as a Cub to later receive his Webelos Badge, the highest honor in Cubbing. He attended the Haines Safari; spent one week at Camp Tuckahoe; attended camp at Natural Dam, conducted locally, for three years; attended the 1957 National Boy Scout Jamboree at Valley Forge. He was a den chief for the Cubs for two years and assistant patrol leader for the Boy Scouts.

Scout Bowman holds the Appalachian Plaque awarded to any member of Troop 84 hiking from the Potomac River to the Susquehanna River over the Trail, a distance of approximately 125 miles. He is a member of St. Mary's Lutheran Church and Sunday School. An honor student in the eighth grade at Littlestown Junior High School, he now becomes a member of Explorer Post No. 84. Paul will be 14 on February 24.

Mrs. Bowman has been active as a den mother for Cub Pack 84 for three years. Eagle Scout Bowman's brother, James, is a second class Scout with Troop 84.

Scout Hahn, also a 13-year-old, was a Cub for three years, being a member of the original Webelos Den, started in Littlestown by his brother, James P. Hahn. He has a total of 27 merit badges, having received the painting and public speaking badge last evening and the three-year perfect attendance pin, an achievement which has never been made by any previous Scout in the troop. Scout Hahn holds the Appalachian Plaque; attended the Haines Safari as a Cub; attended Camp Tuckahoe, near Dillsburg, one week for three years and last year received the rating of Scout Life Guard; spent one week for three years at the local camp at Natural Dam; was patrol leader of the Daniel Boone Patrol for one year and scribe for the troop for one year; earned the adventure award while attending the National Jamboree at Valley Forge last summer; has been a den chief for the Cub Scouts for the past three years and had a perfect attendance record there, unless school activities interfered; has the distinction of not missing a district meeting event unless school prevented his attending. Wednesday evening, he also received a three-year perfect attendance pin, an achievement which has never been made by any Scout in the troop.

Bullets Come From Behind To Defeat Elizabethtown 59-58; Freshmen Triumph

Down six points at 56-50 with only 2:22 minutes remaining, Bob Hulton's Gettysburg College Bullets put on a thrilling finish to edge Elizabethtown 59-58 at Donegal Wednesday evening.

It marked the first time this season the Bullets have won as many as two straight and pulled their record to 5-12. Elizabethtown is now 6-9.

The Bullets trailed throughout most of the game, always by a close margin, and the Blue Jays held a scant 30-28 advantage after a slow moving first half.

During the second half the score was tied at 43, 45 and 48. After the latter tie Elizabethtown went ahead on goals by Ed Geiger, Ken Replegle, Bill Pensyl and Jim Chase against a set by Bob Walsack.

Finally Get Lead

Two more set shots by Walsack slashed the Blue Jays' lead to 56-54 with 2:04 minutes remaining. Replegle landed a foul shot for Elizabethtown before Frank Grzeleick netted a goal but missed on his free throw. After the Jays missed a shot Frank Capitani connected from the side to put the Bullets on top for the first time 58-57 with 52 seconds left.

Marty Kane boosted the Gettysburg lead to 59-57 on a foul with only 10 seconds remaining. Pensyl converted for a point on a technical foul against the Bullets after which Elizabethtown got off one hurried shot that went wide as the game ended.

The Bullets out-rebounded their opponents 41-29 with Del Warfel capturing 16. Gettysburg connected on 23 shots from the field in 56 tries while Elizabethtown landed 23 of 55. In foul shooting the Bullets converted 13 of 20 as compared to 12 of 14 for the Jays.

Walsack, Warfel and Capitani netted 19, 16 and 14 points, respectively, for the Bullets. Pensyl paced Elizabethtown with 24.

The Gettysburg freshmen went over the 500 mark for the first time this season by winning the preliminary 78-70. Coach Howie Shoemaker's outfit piled up a 44-28 lead at half time to easily withstand a late rally by the Blue Jays. Bill Fitzkee connected for 27 points for the local frosh who are now 7-6.

Play Dutchmen Saturday

Both Bullet teams travel to Annville Saturday evening where they will meet Lebanon Valley.

G-BURG MATMEN DEFEATED 18-12 BY LYCOMING

Jack Ridinger's Gettysburg College wrestlers dropped their fifth decision against one victory and a tie when it lost a hard-fought match to Lycoming at Williamsport Wednesday, 18-12.

Coach Ridinger, who has been short on manpower all season, was forced to pull three of his boys out of their normal weight divisions to fill spots. Norm Henry, 147, moved to the 167-pound event; Ron Scott, 147, went into the 157 event, and Paul Nolas, 157, moved to the 177-pound class.

Henry gained the only fall for the Bullets, tossing Don Steele in 8:30 minutes.

Tom Propst, 123, won his event on a 8-2 decision over Fortin. Barry Kunkel, 137, and Bob Philidus, 147, gained draws to account for the other Bullet points.

The Bullet varsity and freshman squads meet Temple at Philadelphia Saturday.

Providence Turns

Back Buffalo 7-5

By THE ASSOCIATED PRESS

Providence's hold on third place in the American Hockey League was a little more secure today but it still was a nip and tuck battle for the fourth and last playoff position between Springfield and Rochester.

While the Providence Reds were turning back the cellar dwelling Buffalo Bisons 7-5 last night to run their point total to 51, the Rochester Americans personally took care of the fourth place Springfield Indians. The Amerks won 5-2 and moved within a point of Springfield, which trails Providence by four.

FIVE VETERANS YET UNSIGNED FOR INDIANS

By ED WILLS

The Associated Press

"The only trouble between me and Gene Woodling," Frank Lane said today, "is that Gene is a left fielder and not the second baseman I'm looking for."

No feud? No blast from Woodling about Lane's contract edict? "We 'feuded' all the way home from a father-and-son dinner we attended last night," said Lane, general manager of the Cleveland Indians. "Gene drove me home in his car."

"I'll tell you something else," added Lane. "Vic Wertz called me up and we agreed to terms for his contract. What's more, Vic said he wanted to report to spring training three or four days early."

Blasted By Woodling

This "feud" business started when Lane announced the other day that he told the Indians who hadn't accepted 1953 contract terms he'd trim \$100 off his offer each day they remained unsigned after the official opening of spring training March 1.

That was followed by a report that Woodling blasted the edict as unfair.

"Gene had a good year last season and we're offering him a substantial raise. We haven't arranged for a contract meeting, but I don't expect any trouble," Lane said.

All Are Veterans

All of the five Indians still unsigned are veterans—Minnie Minoso, Chico Carrasquel, Bobby Avila, Jim Hegan and Woodling. An Associated Press survey today showed that about 25 per cent of the players on major league rosters still are unsigned. That number includes Hank Aaron, Ed Mathews, Lew Burdette, Red Schoendienst, Johnny Logan, Del Crandall and Bob Buhl of the Milwaukee Braves and Yankee Mickey Vernon.

The Braves, finding it's always difficult for a club to get its contracts filed after winning the world championship, have 18 unsigned players in all. That total is second only to the Boston Red Sox's 19.

COEDS DEFEAT URSINUS 48-42

The Gettysburg College girls remained unbeaten here Wednesday afternoon when they came from behind in the last quarter to defeat the Ursinus cats 48-42. It was their third straight triumph.

After the Bullets led 23-22 at half time, Ursinus pulled ahead 37-36 at the end of three periods.

Pentamer connected for 30 points for the winners.

On Saturday the local varsity and junior varsity will meet Wilson College at Chambersburg.

Teen-agers May Get

Homemade Rockets

HARRISBURG (U)—The Central Pennsylvania Pharmaceutical Assn. is preparing a list of chemicals which can be used in launching homemade rockets in an effort to curb the teen-age rocket fad.

The decision to do so was made at a one-day meeting here yesterday of the association.

It decided to refuse sale of such chemicals to minors.

The group said it took the action "because of an alarming increase in reports of injuries to young rocketeers."

When the list is drawn up it will be distributed to association members.

Meantime, it has asked the Williamsport Safety Council and the state police to caution store owners who deal in chemicals against selling to minors materials that can be used in rocket experiments. The association headquarters is in Williamsport.

KAISER KICKED 22 OUT OF 33

EAST LANSING, Mich. (U)—Michigan State's Dave Kaiser was successful on 22 of 33 extra point attempts in 1957. The end ranked third in the nation among major college kickers.

Mountaineers Suffer Second Straight M-D Loss 86-79 To American University Quint

A 32-point scoring effort by Wilkie Jones, a sophomore, sparked American University to a 86-79 come from behind victory over Mt. St. Mary's College at Washington, D. C., Wednesday evening to further dampen the Mountaineers' hopes of winning their fourth successive regular season Mason-Dixon Conference title.

The Mounts are now 6-2 in the conference and 11-7 overall. Jones, top scorer in the Mason-Dixon circuit, pulled the Eagles to a 56-55 lead midway in the final half. It was anybody's game until the final minutes.

Despite a miserable showing from the foul line in the first half when they converted but six of 18 tries, the Mounts held a 40-36 advantage at intermission. In the second half Jim Phelan's Blue and White were perfect from the free throw lane with 13 of 15.

Trained By Ten American University was forced to overcome a 10-point deficit to win and after gaining the lead midway in the final half forged steadily ahead despite a very effective all-court press by the Mountaineers. Bert Sheng, who had tabbed 16 points, fouled out with three minutes remaining to hamper the Mount cause.

Bill Williams was the big point producer for the Mount with 27 points on nine goals and as many fouls.

The Mountaineers return to Washington to meet Catholic University Friday night and on Saturday meet Hampden-Sydney, once-beaten in league play, at Emmitsburg.

James MARLOW Reports

The Associated Press

WASHINGTON (AP) — President Eisenhower and Hoover — 28 years apart but with each facing a sliding economy and growing unemployment — were not only equally optimistic but talked in almost identical language.

On March 7, 1930, Hoover, knee-deep in a mushrooming depression which was to become catastrophic before it got better, issued a statement which said: "All the evidence indicates that the worst effect of the (stock market) crash on employment will have been passed during the next 60 days."

Yesterday Eisenhower, confronted with a deepening recession and government statistics which showed at least 4½ unemployed, issued a statement which said: "Every indication is that March will commence to see the start of a pickup in job opportunities. That should mark the beginning of the end of the downturn in our economy."

Have Economic Advisers

Hoover had economic advisers when he made his statement. Eisenhower, too, has economic advisers. He said he based his hopes for the future on the "best advice I can get, and on my own study of the facts."

Not all economists agreed with Hoover. Not all economists agree with Eisenhower now. Not all agreed Hoover was doing as much as was needed to get the country out of its depression. Not all agree Eisenhower is doing as much as they think the present recession requires.

It took a while to determine Hoover's optimism was wrong. It will take a while to determine whether Eisenhower's optimism is right.

Government Acts

But in his statement Eisenhower pointed to a number of steps the government already has taken to nudge the economy back up the ladder. And this country has more government weapons for fighting recession than in Hoover's day.

But Dr. Marcus Nadler, economist of the Hanover Bank and New York University, looked dubiously at Eisenhower's prediction that next month will be a possible turning point for business and unemployment. He said: "I question that very seriously. So far the government has been talking but not doing anything."

The latest remedial step by Eisenhower was a proposal to Congress for a two-billion-dollar program — spread over three to five years — for modernizing the postal service.

Five-Year Spread

This would include some new post offices, repairs on old ones, new machinery, and so on. It would mean contracts for business and jobs for people.

Under this plan private investors would put up about 1½ billion dollars and the government the rest. Spread over five years that would come out at about 400 million dollars a year.

It sounds big. But stacked up against total construction in this country in 1957 — around 48 billion dollars — it's a drop in the bucket. Nevertheless, Eisenhower, pointing to steps already taken, said: "If other measures are needed, I assure you they will be proposed — and in time."

Camera News

By IRVING DESFOR
AP Newsfeatures

The Police Athletic League has become a recognized community endeavor for the betterment of youngsters in the big cities of our country. It's been a force for civic good in diverting the growing energy of our juveniles into beneficial channels.

Photography can play a vital role in the P.A.L. program and it is a pleasure to see this recognized in our nation's largest metropolis — New York City. Recently a group of 16 boys and one girl gathered in the mayor's office in City Hall to receive awards for photo achievement. They were the winners in the seventh annual P.A.L. photo contest.

As they sat there, spruced up in their Sunday best and facing a display of their prize winning pictures, they must have been aware that through photography their young lives had reached a thrilling moment. It came when Mayor Robert F. Wagner commended each youngster personally as he presented an award winning certificate or trophy.

Foster Juvenile Hobby

This was followed by further words of encouragement and inspiration by New York City's Police Commissioner, Stephen Kennedy. The presence of other dignitaries, prominent photographers and members of the press added tribute to the importance of fostering this useful juvenile hobby.

Photography can enrich the lives of youngsters throughout the country but it needs the initiative and wholehearted efforts of a few public spirited officials, photographers and volunteers.

New York City's successful program has been directed by Deputy Police Commissioner James B. Nolan and, on the volunteer civilian side since its start 18 years ago, by Victor Keppler, famed photographic illustrator.

Overcomes Obstacles

His prestige in the photo field and his zeal in pushing P.A.L. photography have overcome all the obstacles that might have stalled the program or made it less effective. He has promoted drives that brought needed equipment from firms and individuals;

secured the sponsorship of one of the city's largest camera stores in offering merchandise awards annually and in underwriting other promotional expenses. He has also donated impressive trophies as achievement awards to P.A.L. centers and to the most cooperative volunteer assistants.

In the final analysis, the whole program depends on these men and women volunteers who guide the photographic destinies of each P.A.L. center. Proper guidance can inspire interest and accomplishment with a minimum of equipment. In poorer neighborhoods, cameras are loaned to the children so they can take pictures. In the early stages, developing and making prints become group projects with each youngster allotted one step in the procedure so that everyone has a hand in the work. As they gain experience, they can carry out these projects on an individual basis.

Go On Field Trips

Volunteers sometimes take their groups, whose ages range from 7 to the late teens, on field trips. This may consist of a walk through their own neighborhood looking for likely camera subjects or a

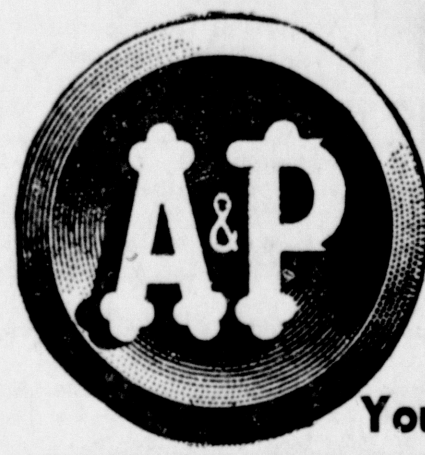

real outing to a nearby park or recreation area.

Recently, another innovation was introduced and met with immediate favor. At certain public events where stars of radio, stage or television made personal appearances, P.A.L. photo club members were invited — with their cameras. It's easy to see why the chance to meet celebrities and act like a news photographer

would make such a hit. Every city has an opportunity to encourage this wholesome creative outlet for our youth, especially in underprivileged areas and if the cities did, we'd probably hear more about juvenile delinquency.

Abraham Lincoln was once offered the governorship of Oregon.

ably hear more about juvenile delinquency and less about juvenile delinquency.

Ousted FCC Attorney Is Summoned To Explain His Charges Against Member

WASHINGTON (AP) — House probers summoned their discredited counsel today to tell publicly what basis he had for charging that money was paid to a federal communications commissioner in a TV license case.

The special House subcommittee named to check on federal regulatory agencies put out a subpoena for the witness, Bernard Schwartz, to check on that and other charges he made public after his ouster as chief counsel.

Rep. Harris (D-Ark.), who took over the subcommittee chairmanship, said in advance of the hearing he did not know whether Schwartz's payoff charge was related to a fight over Miami's TV Channel 10.

"But if that is it," Harris said, "that's what it (the hearing) will be about."

Says He Has Evidence

On Tuesday, the day after he was fired as counsel, Schwartz handed to reporters a prepared statement in which he said the majority of the subcommittee fired him knowing that he had obtained evidence "of the payment of money to a federal communications commissioner in a comparative (contested) television case."

Schwartz did not elaborate then. Later Schwartz's attorney Herbert M. Wachtell said the committee had all the files. He said these included the Channel 10 case "which is the subject they say want to question Schwartz about."

Those files came back to the

7 DEM LEADERS SEEK TO AVOID PRIMARY FIGHT

HARRISBURG (AP) — The Democratic organization-backed ticket began taking shape for the May 20 primary today after what was described as "a preliminary discussion" among seven top party leaders.

Gov. Leader and six other leaders, including Pittsburgh Mayor David L. Lawrence, conferred in the executive mansion for four hours yesterday. Lawrence said afterwards that they reviewed the prospects of Philadelphia Mayor Richardson Dilworth, Lt. Gov. Roy E. Furman and Allegheny County Coroner William D. McClelland for the gubernatorial nomination. Furman is the only one who has announced for the spot.

No decision was reached, Lawrence said. Lawrence issued a statement saying his firm neither sought nor obtained aid from Col. George Gordon Moore — Mrs. Eisenhower's brother-in-law — in getting the license for the subsidiary. Baker said he wanted to correct what he called "pure fabrications" and "vicious lies" circulating as a result of the House inquiry.

Schwartz named Moore Tuesday among members of a "White House clique" which he said has exerted pressure on regulatory agencies.

Former Gov. Thomas E. Dewey of New York was another mentioned by Schwartz in that connection.

rence added, and there will be further meetings among the top leaders before the organization ticket is finally written for the primary election.

Reports from the meeting were that the group:

Sounded out Philadelphia Democratic Chairman William J. Green on his feelings towards Dilworth's candidacy.

Tentatively agreed on Miss Genevieve Blatt for re-election as secretary of internal affairs.

Heard State Sen. Hugh J. McMenamin presented by Michael J. Lawler, Lackawanna County commission chairman, for the lieutenant governor nomination. McMenamin also is from Lackawanna County.

Green, Miss Blatt and Lawler were at the meeting. The other two present were State Sen. Joseph M. Barr, the state Democratic chairman, and James P. Clark, former Philadelphia Democratic chairman.

Can't Afford Fight
Barr issued a statement describing the meeting as "a preliminary discussion of the approaching political campaign."

Lawrence said the Democrats "cannot afford the luxury of a primary fight."

He and Leader have made statements in the past considered in most circles as tantamount to endorsement of Dilworth. Furman, however, has said he is in the race to stay.

Many observers feel that Green's attitude toward the Philadelphia mayor will play an important, if not deciding, role in whether or not Dilworth gives up the mayoralty to seek the gubernatorial nomination.

South's Sun-Kissed Beaches Are Plastered With Snow

By THE ASSOCIATED PRESS

Snow whirled by chill winds gave a freakish gleam to the Deep South today. Subfreezing temperatures were a dime a dozen.

In Florida, 3 inches of snow fell at Tallahassee, 2 inches at Panama City on the Gulf of Mexico and an inch at nearby Pensacola. Miami braced for temperatures expected to fall almost to freezing.

The fall at Tallahassee, possibly the heaviest in the capital's history, continued past midnight.

At New Orleans, Mardi Gras throngs tossed snowballs, a rare sport that far south. The inch fall was New Orleans' heaviest in 59 years. Western Louisiana reported

is for the U. S. Senate. The feeling is unanimous among political observers that Leader will seek the job, but he has not publicly announced his intentions. So far, no opposition has appeared to challenge him for the nomination.

Democratic policy makers are expected to meet by the end of the month to make a final decision on the organization slate.

Barr had indicated the session would be held Feb. 20, five days before the opening date for filing nominating petitions. However, that date was dropped yesterday because it conflicted with a meeting in Pittsburgh of the State Pardons Board.

Furman, Miss Blatt and James E. Finnegan, secretary of the commonwealth, are members of both the board and the policy committee.

a heavier blanket.

Four Inches At Fort Morgan
Snow dropped a thin coating on white sand beaches at Biloxi and Gulfport, Miss.

Mobile, on Alabama's coast, had more than an inch in a 7½-hour fall. Fort Morgan at the mouth of Mobile Bay said the deposit amounted to 4 inches.

Throughout the Gulf Coast area, azaleas and camellias drooped and sagged. Palm fronds wilted. Snow covered the ground at Thomasville, Ga., where President and Mrs. Eisenhower were expected today as guests of George Humphrey, former secretary of the Treasury. Humphrey owns a plantation near that south Georgia town.

Rain, Sleet In Jacksonville
At Savannah, a Georgia port, a few whimsical flakes fell early today, but soon melted. Snow also fell early today at Augusta, Ga., on the Carolina line.

Jacksonville, Fla., took a triple beating. Rain turned to sleet and the sleet in turn changed to snow early today.

The tourist trade and crops suffered in many Dixie areas. Most schools closed at noon at Baton Rouge and throughout central Louisiana.

Gets Near-Perfect Score

Gene Sprinkle, local American Legion commander, missed a perfect bowling score by one pin recently as he rolled 299, the highest game in the 11-year history of the Emmitsburg Ten Pin League. After stringing together 11 straight strikes, Sprinkle left the 4 pin standing on what appeared to be a perfect pocket hit. The American Legion team for which Sprinkle rolls, scored a 999 game, just one pin short of the coveted 1,000 pin mark. In league play Sprinkle has been carrying a 155 average for the year. Since his high game was rolled on sanctioned alleys at Harner's Recreation Center, Sprinkle will gain special recognition from the American Bowling Congress for his feat.

SET \$67,835 FOR SEWER WORK

A federal grant of \$67,835 has been earmarked for the proposed Emmitsburg sewer project, according to Mayor Clarence G. Frailey. The mayor told a recent meeting of the Emmitsburg commissioners that the state would match this amount. These two grants would account for almost half of the project cost, providing application is made for them in the

tractor-trailer rigs and two trucks, parked on the property, were destroyed.

The blaze was discovered by Gordon Lellon, a patrolman on the Walt Whitman Bridge about 10:30 p.m. It apparently had been burning for some time before that, firemen said.

There was no immediate damage estimate, nor was the cause of the blaze determined.

Fire Breaks Out In Phila. Coalyard

PHILADELPHIA (AP) — A four-alarm fire broke out Tuesday night in an abandoned South Philadelphia coalyard, sending up flames visible as far away as Audubon, N.J. The blaze lit up a large section of the waterfront. The fire destroyed the main building of the coalyard, once one of the largest in the city.

The property was purchased two months ago by a meat packing firm. Four of the company's

near future.

However, it was brought out, before the grants can be accepted, certain amendments to the town charter must be approved.

These amendments, which have been passed by the commissioners, would authorize the council to tax real estate and sewerage as needed to pay off any indebtedness incurred by the installation of the new sewer line and disposal plant, estimated to cost about \$350,000.

The town, according to reports, is contemplating a bond issue to finance its portion of the cost of the system, with the likelihood that a plan of payment over a period of 20 to 30 years may be worked out.

NEW ROCHELLE, N.Y. (AP) — The Rev. Albert H. Wilson, retired New York minister and former national president of Sigma Nu social fraternity, died yesterday. He was an uncle of Charles E. Wilson, former secretary of defense and longtime president of General Motors.

NEW YORK (AP) — William F. Mangels, 92, inventor of the "Whip" and other amusement park rides, died Tuesday. He was born in Germany and came to the United States when he was 18.

Senate Democrats Are Drafting 10-Point Anti-Recession Plan

WASHINGTON (AP) — Senate Democrats are drafting a 10-point anti-recession program which party leaders plan to give a speedy start through Congress.

The program is being put together by individual committees under the guidance of the Democratic Policy Committee headed by Sen. Lyndon B. Johnson of Texas. It will represent the party's answer to demands that Congress act before the business slump gets worse.

Johnson is understood to have told his colleagues that while he is opposed to a "gloom and doom" attitude, he thinks immediate steps must be taken to combat unemployment, which now has reached 4 1/2 millions.

Asking Proposals
He has asked committees operating under Senators Fulbright (D-Ark), Sparkman (D-Ala), Anderson (D-NM), Hill (D-Ala), Kerr (D-Okl.) and Gore (D-Tenn.) to come up speedily with legislative proposals to cover a wide field of government activity to bolster the economy.

As Johnson views the program, it would shape up like this:

1. A comprehensive housing bill aimed at getting this limping industry going full blast.

2. Legislation to permit Federal Reserve banks to make loans to small businesses which certify they can't get credit in ordinary channels.

Boost Public Works
3. Passage of a post office construction bill.

4. Authorizations to put on extra shifts of workers on public works projects for which Congress has provided the money.

5. Construction of military housing in areas with soft spots of unemployment.

7. Action to start and speed up with extra shifts work on reclamation projects which have been authorized by Congress.

8. Repeal of the pay-as-you-go provision so the interstate highway program can be speeded up.

9. Authorization for additional hospitals to be built under the Hill-Burton Act.

10. Action to authorize the plan-

ning of new projects aimed at providing more business for basic industries.

No Leaf-raking
Johnson, who has experience with the National Youth Administration and the Works Progress Administration during the depression of the 30s, has told his colleagues he wants no leaf-raking projects.

For that reason the Democratic leader has contended that any WPA type of program ought to be held in reserve to be used only as a last resort if the recession shows signs of deepening despite other measures.

Johnson has avoided public comment on President Eisenhower's expression of confidence that the economic downturn has about run its course and that March should see a start toward increased employment.

Some Not Optimistic
But other senators made it clear they are not as optimistic as the President. One of these, Sen. Aiken (R-Vt.), said "The administration has got to do more than issue statements."

Sen. Mansfield (D-Mont.) said in a separate interview he hopes Eisenhower is correct in his forecast "but I have grave doubts that he is."

Republican officials, in Lincoln Day speeches around the nation, expressed confidence the economy is not in serious shape.

Credits GOP With Satellite Launching

COATESVILLE, Pa. (AP) — State Republican chairman George I. Bloom says the launching of the U.S. satellite is testimony to the job done by the Republican administration in Washington.

In a Lincoln Day speech last night, Bloom said the launching of an earth satellite was brought about by "cutting out the 'indifference of the previous Democratic leadership."

"A Republican administration brought the indifference to an end in 1953," Bloom said, "but political demagogues seize every rumor, every wild dream to cast doubt on the administration."

He also charged these same "demagogues" with trying to discredit the administration's ability in Washington in connection with its ability to cope with Russia in science and defense."

Congressman To Leave Federal Pen

SCRANTON, Pa. (AP) — Former Lackawanna County Congressman James P. Scoblic will be paroled from Lewisburg Federal Penitentiary in the next few days.

Scoblic, now 57, has been in jail since October, 1955, serving a five year term for defrauding the Mayfield State bank of \$189,000.

His two brothers and bank cashier Michael Senio were convicted with him. Senio has served his term. Frank has been paroled and the other brother, Anthony, was placed on probation for five years.

Scoblic's parole was disclosed yesterday by William E. C. Speere, chief probation officer for the middle district of Pennsylvania.

The former Republican congressman was elected to a two-year term 10 years ago.

BOY SCOUTS
PLAN CANVASS
FRIDAY EVENING

Charles E. Ritter, district finance chairman, has announced that the annual Boy Scout drive for funds will be held in Littlestown on Friday evening. Assisted by Warren C. Harner and Albert J. Bair on his committee, plans were made to solicit door-to-door, beginning at 6 p.m. Those members of the Rotary, Lions and American Legion, who will serve as solicitors, who do not call tomorrow evening, will do so as soon as possible, next week. Solicitors who have not received their assignments may get them from Chairman Bair at the National Bank anytime tomorrow.

In making the appeal for generosity to this annual fund-raising campaign, it was pointed out that the Black Walnut District now maintains a full time Scout executive; and also that it costs but

\$10 to keep a boy in Scouting for one year, but from \$1,200 to \$1,500 to keep him in a penal institution. All business places will be contacted separately from this campaign tomorrow evening.

WCS Plans Bake Sale

The Woman's Society of Christian Service of Centenary Methodist Church made plans to hold a bake sale at the February meeting of the society on Tuesday evening at the church. The bake sale will take place on Friday, March 7, at a place to be announced. The committee in charge of arrangements for the sale includes Mrs. Edith Hanlon, Mrs. Isabelle Nester, Mrs. Ruth Withers, Mrs. Helen Barton, Mrs. Mary Byers, Mrs. La Wulfert, Bertha Harner and Mrs. Anna Musselman.

The meeting opened with the Scripture reading by Mrs. Stella Furlow. A panel discussion on "Our Heritage" was presented by Mrs. Furlow, Mrs. Withers, Mrs. Mary Byers and Mrs. Charlotte Byers. The birthdays of Mrs. Margaret Howell and Miss Emma Forrest were noted. The guest package, given by Mrs. Bertha Shull, was won by Mrs. Lois Sells. Members of the New Oxford WSCS were invited as guests, but were unable to attend due to the

weather, and will be present at a meeting on a future date. At the conclusion of the business, refreshments were served by Mrs. Furlow, Mrs. Charlotte Byers and Mrs. Carrie Byers. A covered dish supper will be held in connection with the next meeting on Tuesday, March 11, when Mrs. Mary Byers will be hostess.

To Sell Easter Candy

Plans to sell Easter candy again this year were decided at the February meeting of the Ever-Willing Class of St. John's Lutheran Church, held on Tuesday evening at the church. For the benefit of the class treasury, a "friendly" basket will be circulated among the members. Mrs. Myrtle Leister, president, who presided, heard reports from Mrs. Mary Ellen Bortner, secretary and Mrs. Mary Beamer, treasurer.

The meeting opened with the following program: Song service, accompanied by Mrs. Bernice Yealy; Scripture, Isaiah 58:1-11; Mrs. Viola Badders, the class teacher; prayer, Mrs. Dorothy Gentzler; hymns by the group; reading on Valentine, Mrs. Harriet Boller; reading on Lincoln, Mrs. Frances Dutler. A group game was enjoyed and refreshments were served by the evening's hostess, Mrs. Elizabeth

Barnes. The class will meet again on Tuesday, March 11, at the church when the hostess will be Mrs. Betty Baumgardner.

The weekly public party will be held by St. Aloysius Catholic Church on Saturday night, starting at 8 p.m. in the parish hall. There will be prizes and refreshments.

Ladies' Aid Meets

The Ladies' Aid Society of Redeemer's United Church of Christ met on Tuesday evening in the church social hall, when a fried oyster supper preceded the program. Twenty members and a number of guests were in attendance.

The program was as follows: Apostle's Creed in unison; group singing, accompanied by Sally Basehoar and Judy Flinchbaugh; Scripture reading, Mrs. Clement A. Sneeringer; prayer, the Rev. Glenn Flinchbaugh, pastor; reading, Mrs. John W. LeGore; vocal solo, Susan Basehoar, accompanied by her sister, Sally; vocal trio selection, Mrs. Flinchbaugh and daughters, Judy and Sharon, accompanied by Sandy Hawk; reading, Mrs. Anna B. Leach; piano solo, Sally Basehoar.

The business was conducted by the president, Mrs. Edward B. Gelman, who heard reports from the

secretary, Mrs. Donald C. Arbogast, and treasurer, Mrs. Paul F. Crabbs. Plans were completed to serve a banquet to the Rotary and Lions Clubs next Tuesday evening in the social hall, when the local Boy Scouts will be guests. Mrs. Wilbur A. Bankert and Mrs. Richard M. Phreaner were appointed to serve as the 1958 flower committee. The guest package, given by Mrs. Orrin Sanders, was won by Mrs. Flinchbaugh. The meeting concluded with the Lord's Prayer repeated in unison. Hostesses for the evening were Miss Helen Myers, Miss Lillian Demmitt, Mrs. John Hilbert, Mrs. Charles A. Hofe and Mrs. Edward Gelman.

The Aid Society will meet again on Tuesday, March 11, at the church, when the hostess commit-

tee is composed of Mrs. John LeGore, Mrs. Orrin Sanders and Mrs. Donald Arbogast.

Borough Board Meets

Routine business was transacted at the February session of the Littlestown Borough School Board on Tuesday evening at the high school building. Receipts were \$257, for real estate taxes and \$189 for per capita taxes, from LeRoy W. Bish, tax collector; \$3.78 from Richard D. Thomas, social security taxes. Expenditures follow: \$10,806.26 to the Littlestown Jointure; \$27.30 to LeRoy Bish, commission on taxes collected. A temporary loan of \$7,000 was authorized until the state appropriation is received. Present at the board meeting were directors, Karl P. Bankert, president, who presided Lloyd E.

of Pennsylvanians counted in the 1950 census, the council said that 6,178,450 residents of the Keystone State are church members.

Here's the count: Catholics, 2,866,757; Protestants, 2,957,465; and Jewish 353,180—two-thirds of them in Philadelphia County.

The figure was based on 10,498,012 residents in the 1950 census. The council noted that "there are more Lutherans in Pennsylvania than in any other state." It counted 861,643 Lutherans in 1,600 congregations. Methodist and Presbyterian, with an estimated 500,000 each, rank next in the Protestant groups.

Lawyer Lincoln For The Defense

By CARL G. HODGES

This story goes back to May 1858, a few months before Abraham Lincoln and Stephen Douglas staged their historic series of debates on slavery in the Illinois senatorial campaign. Lincoln is in Beardstown, to assist in the defense of the son of an old friend. The young defendant, Duff Armstrong, is charged with murder of James Metzker with a slung-shot during a drunken brawl at an evangelist's camp meeting. One of Duff's companions has already been convicted of murder and now Charles Allen has sworn that he saw Duff strike the victim with the lead-weighted slung-shot. Lincoln has risen from the counsel table . . .

Charles Allen looked at the pamphlet, as if it might bite him.

CHAPTER IV

Abe Lincoln walked across the space behind the rail; he towered above Charles Allen sitting in the witness chair. "You are acquainted with this defendant, Duff Armstrong, Mr. Allen?"

"I am, known Duff Armstrong since he wore knee pants." "Pretty well acquainted with his personal habits, Mr. Allen?" "Sure. Nice boy. Liked all kinds of sports. Rassin' and so forth, in spite of the fact he only weighed a hundred and forty pounds, soaking wet. But he was quick as a cat and tough as a tenpenny nail."

Lincoln smiled encouragingly. "Hundred and forty. That's why he was a pretty good rider for that racehorse of his. He won some money at Virgin Grove, betting on his horse. That right?" "Couldn't of won much."

"Why not?" "He was plumb drunk by afternoon."

Lincoln glanced from one set of jurors to another.

Laughter Subsides

"You are under oath, Mr. Allen. It is your sworn testimony then that Armstrong was drunk on the early afternoon of August 29, last?" "Sure. If being drunk means you can't walk straight, then Duff Armstrong was sure drunk."

The crowd laughed, and Allen grinned. Lincoln turned around and the melancholy glance he gave the crowd had the desired effect. The laughter subsided.

He turned back to Allen once more. "Did liquor make Duff Armstrong quarrelsome?" "Can't say that it did. He was harum-scarum, I guess, but not a troublemaker. Seems maybe like he had a little imp in him that was always landin' him in devilry. But I guess he really meant no harm."

"How about James Metzker?" "What about him?" Allen stared at Lincoln in bewilderment. Lincoln responded evenly:

"Did liquor make James Metzker quarrelsome, Mr. Allen?"

"Riled Each Other"

"I guess you might say him and liquor kind of riled each other. He weighed 'way over two hundred pounds and when he got fired up with rotgut he liked to throw that heft of his around. He could be mighty nasty in a gouge scrape, buttin' and kickin'."

"You attended the preaching at Virgin Grove that night?"

"Yes, sir. Got there early and stayed late. Like I told Mr. Fullerton, when Peter Cartwright was a-preachin', I . . ."

"I don't care what you told Mr.

Fullerton. If you were at Virgin Grove as early as you state, then you must be aware that there was a fight early that afternoon between Metzker and Armstrong — a fight provoked by Metzker."

"I knowed it, sure. Ever'body at the camp meetin' did."

Lincoln turned to the jurymen in the right box as he put his next question to Allen. "Then the fight was provoked by James Metzker, who, in your own words, weighed more than two hundred pounds — against my client, who again in your own words, weighed only a hundred and forty pounds, soaking wet."

Fight In Afternoon

Allen grinned and looked at the jury. "I ain't tryin' to explain nobody's actions and I ain't responsible for them. You ast me what I seen and I told you."

"This fight took place in the afternoon. It was a preliminary to the fight that followed that night. Now tell us about the fight at the camp meeting, Mr. Allen," Lincoln pressed.

"It wasn't at the camp meeting. The camp meetin' was long over. Most folks was on their way home. And it wasn't no fight, really. Jim Norris and Duff Armstrong simply jumped James Metzker on his way home and knocked him down. They beat him up bad."

Lincoln said sharply: "Other witnesses will testify that James Metzker fell off his horse at least twice on his way home after the fight. That could have been the cause of the injury to Metzker from which he died."

"That Ain't True"

Allen colored. "That ain't true! Metzker didn't hurt himself to death fallin' from no horse. I seen Jim Norris hit him over the head with a piece of wood and I seen Duff Armstrong hit him in the eye with his slung-shot."

"But, Mr. Allen, you have already testified that the attack took place after the camp meeting was over."

"That's right."

"But it was nighttime, Mr. Allen, and yet you claim you were able to recognize Norris, and Metzker and my client, and you have testified that you saw my client hit James Metzker."

"I did. It was nighttime, all right, but it was bright as the middle of the day."

Questions Brightness

Lincoln shook his head, as if bewildered. "If it was nighttime, how could it be bright as day?"

"On account of the moon."

"What was the position of the

1857.

JAMES H. McALLA, Book and Job Printer, Dr. Jayne's Granite Building, Dock Street, over the Post-Office, Philadelphia.

Title-page of a copy of the almanac identified by the foreman of the jury as the one used in breaking down the testimony of a key witness against Duff Armstrong. moon, Mr. Allen?"

"Shucks, I ain't no 'stronomer, Mr. Lincoln. The moon was high in the sky, though."

"Straight overhead, Mr. Allen? Like the hands of a clock pointing to midnight?"

"Wouldn't say that. More like seein' it a little bit over your shoulder, maybe."

"That isn't very definite, Mr. Allen."

"The moon was about the same place the sun would be at about ten o'clock in the mornin'."

"I see. About what time at night did you see this alleged attack?"

"I reckon it was about ten o'clock."

"Bright As Day"

"Then, according to your testimony, when the alleged attack occurred, which you saw so plainly on account of the bright moon, it was about ten o'clock and the moon was not exactly overhead, but still high in the sky?"

"Yes, sir. It was bright as day, like I said."

Lincoln smiled sadly at Allen, took a few steps in the limited area behind the rail, smiled at Duff Armstrong and his mother beyond it. Then he faced the witness again.

"How far were you from Metzker when you saw my client hit him with the slung-shot?"

"About fifteen or twenty yards."

"What time of night did this take place?"

"It happened about ten o'clock, like I said."

"It being late at night, how could you see so well at a distance of fifteen or twenty yards?"

"Like I said, I could see on account of the moon. It was bright."

Trapped By Almanac

"Thank you, Mr. Allen. Now I want you to do something for me." Lincoln took a small pamphlet from the table and gave it to Allen. "The sheriff got this for me at a store down on State Street, Mr. Allen. As you can see, it is an almanac for the calendar year of 1857. Will you please turn

to August 29 and read what it says about moonrise and moonset on that day?"

Allen grasped the pamphlet confidently and opened it. Then he paused, looking at Lincoln, realizing something was wrong. He returned his attention to the booklet, turning the pages slowly, until his eyes stared down at one page. His face colored, and he hastily turned up the cover to confirm the date: 1857, and looked appealingly at the prosecutor. Taken by surprise, the latter stood mute momentarily.

Lincoln took the almanac, passed it to Judge Harriott, who in turn passed it to the jury and to the legal counsel for the state. Lincoln smiled his sad smile.

"Moon Was Not High"

"Your honor, I ask leave to submit this almanac as evidence. This almanac proves without a question of a doubt that the moon was not 'high in the sky' as this witness for the state contends, but was on the verge of setting. Therefore, the night could not have been as bright as day, and this witness would have found it physically impossible to see the things he claims to have seen. As this testimony has been proven useless, therefore his entire testimony has been based on false premise. It should all be stricken from the record."

The prosecutor found his voice and rose to protest.

DUNKING DOUGHNUTS
Ingredients: 3/4 cups sifted flour, 4 teaspoons double acting baking powder, 1 teaspoon salt, 2 eggs (separated), 1/2 cup sugar, 3 tablespoons corn oil, 2 tablespoons lemon juice, 1/2 cup milk, 1 quart corn oil (for frying).
Method: Sift together the flour, baking powder and salt. Beat egg yolks with rotary beater (hand or electric) until thick and lemon colored. Gradually beat in sugar until very light in color. Beating

constantly, add 3 tablespoons oil and lemon juice alternately. Stir 2 cups of the sifted dry ingredients alternately with milk into mixture. Beat whites until stiff but not dry; fold in. Then fold in enough of the remaining sifted dry ingredients to make a soft dough. Turn out on lightly-floured board; knead lightly until smooth. Pat or roll out to 1/4-inch thickness. Cut with floured doughnut cutter. Heat 1 quart oil in 3-quart heavy kettle to 375 degrees (on deep-fat thermometer) or until a 1-inch bread cube browns in 40 seconds. Fry doughnuts about 2 minutes or until golden brown on one side; turn and fry 2 minutes longer to brown other side. Drain on absorbent paper. Roll in confectioners sugar if desired. Makes about 1 1/2 dozen.

Ingredients: 1 bunch broccoli, water, salt, 3 tablespoons butter, 2 tablespoons silvered blanched toasted almonds.
Method: Cook broccoli rapidly in saucepan or 10-inch skillet in a small amount of lightly salted boiling water until just tender. Put butter in a 6-inch skillet and melt over low heat; stir constantly until a light brown. Remove from heat. Add almonds. Arrange broccoli in serving dish and pour butter-almond sauce over. Makes 4 to 5 servings. Note: Broccoli bunches vary in weight. A 1-pound bunch makes 4 to 5 servings; a 1 1/2-pound bunch makes 5 to 6 servings. To prepare for cooking, peel stalks with swivel-blade vegetable parer and quarter or halve so broccoli buds are at end of each piece.

MARTIN URGES NATION BE CALM LIKE LINCOLN

By JOHN KOENIG JR.
Ap Special Washington Service
WASHINGTON (AP)—Sen. Edward Martin (R-Pa.) said Wednesday the United States should take the advice of Abraham Lincoln and be calm in the face of national emergencies.

"I have always been for a strong national defense," Martin said in an interview. "But it should be one we can afford."
Martin, one-time major general in command of Pennsylvania's National Guard 28th Division, said that since the firing of the Russian Sputniks "everyone has become defense-conscious."

"That is all right," he said. "But we should realize that it will be years before those things have their military effects."

"We shouldn't get too emotional. Like Abraham Lincoln said, we should 'be calm.'"
Will Fight Inflation
Martin said that in this last Congressional session of his 12 years in the Senate he will continue to fight inflation, to work for economy in government and to see that Pennsylvania gets its share of public works.

The 78-year-old senator already has announced his retirement at the expiration of his term this year.

On public works, Martin said he

Washington Whispers

By Jane Eads

WASHINGTON (AP)—On a recent Sunday some 63 persons accepted a challenge to "become world travelers without leaving Washington," and spent the afternoon in "Burma."

They were the first of increasing numbers to take advantage of a series of Sunday embassy tours and teas arranged by the capital's D. C. Transit System. Other tours scheduled through February promise "adventures" in Israel, Korea, India, Peru, Mexico, Iran, China, Saudi

Arabia and Ecuador.
For \$5 the sightseers, mostly residents of the capital itself, are toted by sleek air-conditioned limousines with uniformed chauffeurs to Embassy Row. Embassy staff members—usually the cultural or educational attaché, sometimes the ambassador himself—in native costume greet the visitors, show them around, give an informal lecture and show a colored film about their country, wind up serving tea and exotic delicacies.

Diplomats Eager
The sightseers love it. So do the diplomats who are eager to have Americans know more about their countries and understand their customs.

One would think with all the partytime on Embassy Row and the many other tours, Washingtonians would have enough of this sort of thing. Truth is the average citizen is not on the diplomats' guest list and the tours usually arranged for special charities come at times they can't get away from their jobs, or are so crowded they can't see anything. Much less, get to meet their hosts, or have a bit of refreshment! The D. C. Transit tours are limited to 75. They appeal especially to government workers.

I couldn't resist being a globe-trotter myself so I hopped into a limousine bound for Burma.

"Visit Burma"

We were each greeted at the door by tiny, pleasant U Hant Gyi (pronounced Gee) wearing a color-

ful wrap-around drape over his Western trousers, white coat over his collarless shirt and a bright, pink silk headress. At 12, Gyi's pretty daughter, who prefers being called "Maureen," lent her voice to a recording, enchantingly giving interesting details about Burma. Gyi's sons—Maung Tin Tut (Bill), 17, who said he was chewing bubble gum and would rather be home playing football, Richard, 7 1/2—and daughter, Shirley, 17, also assisted in making folks feel cozy, while their father showed colored film he himself had taken.

Later we all went into the dining room for tea and the "delicacies" a thin patty concoction of split peas, called "Pe Gya," spinach in batter, deep fried (Hmo-kyut-kyaw), and onions in rice powder tinted with tumeric and also fried.

Alice in Wonderland was able to float herself along in her tears but our world is not that kind of a wonderland. SLIGHT MISCALCULATION
DENVER, Colo. (AP)—Eugene E. Walters of Bowling Green, Ohio, made a flying trip to Denver to attend National Jewish Hospital's food industry dinner at the Plaza Hotel. On his arrival, he found Denver has such a hospital but that the Plaza Hotel where the dinner was held is in New York City.

Bible Words for Today

I Kings 19:9-10 — "What are you doing here, Elijah?" He said, "I have been very jealous for the Lord, the God of hosts; for the people of Israel have forsaken thy covenant . . . and I, even I only, am left." (RSV)

Elijah answered the Lord with an alibi instead of giving a straight answer about how fearful and afraid he was. We can almost hear his tears splashing on his breast. His bid for pitying was an alibi designed to justify his petulance and hiding.

Hawaii Claims A Longer Life Span

HONOLULU (AP)—If you were lucky enough to be born in Hawaii, chances are you will live longer.

Recent figures compiled by the Bureau of Health showed life expectancy for males born here to be 67 years, 9 1/2 months — two years and 3 1/2 months longer than males born on the United States mainland.

Females born here can expect to live 71 years and three months — three months longer than those born on the mainland.

Life expectancy has shown a gain of 14 per cent here in 10 years.

FIRST THINGS FIRST

HANOVER, Va. (AP)—Folks are telling persons in the county clerk's office here that the sign on the door ought to be reversed. It reads: "Marriage and hunting licenses."

PORTSMOUTH, Ohio (AP)—Those on the police force who smoke are working especially hard on this robbery: Someone stole all the new glass ash trays from the police assembly room in City Hall.

GIVE COMMUNITY
FREE USE OF
ENGINE HOUSE

Members of the Abbottstown Fire Company at a recent meeting decided that community events held at the fire hall for the benefit of the children of the community should be allowed free use of the fire hall, instead of paying a rental as in the past. Twenty-four members attended the meeting which was marked by lively discussion on the question of rental rates for the fire hall.

The amount of rent charged for use of the engine house when groups or clubs entertain the children of the town has long been a matter of disagreement. It was decided finally that the kiddies' Halloween party, the Children's Christmas party and the party for school children on the day school closes will be held rent free in the fire hall if the sponsoring group wishes to use those quarters. Dates and other general arrangements must be approved in advance by the Executive committee of the fire company.

Firemen explained this action was taken "with the idea that better public relations might be promoted among the volunteer civic groups of the community."

To Get Walkie-Talkies
Wayne Kessell was elected to membership of the fire company. Bills in the amount of \$202 were ordered paid and receipts of \$72 were reported.

Fire Chief William Rodgers presented his report for the month showing that four fire alarms were answered and that two of the blazes resulted in a property loss of about \$3,000. He also said furniture and used clothing were collected for the LeCone family at Green Springs whose home was destroyed by fire. The firemen also turned \$ over to the family which

firemen had received as donations. A representative of the Motorola Radio Corp. displayed several types of portable radios useful in fighting fires and traffic control at fires. Chief Rodgers with the help of the borough council has secured approval from the state Civil Defense board for matching funds for the purchase of walkie-talkies. After the meeting several of the company officers demonstrated the radios and found they have a range of nearly three miles.

The next meeting of the firemen will be held March 4. The Relief Association of the company met briefly after the company meeting and approved payment of \$9 for flu shots for members last month.

The Abbottstown Youth Club meeting was held Tuesday evening at the home of Earl Alwine.

ABBOTTSTOWN — Mrs. Isaiah Hoke was discharged from the York Hospital last week.

Lone Bandit Gets
\$49,000 In Holdup

BALTIMORE (AP) — A lone gunman held up a branch of the Provident Savings Bank at suburban Sparrows Point Wednesday and escaped with an estimated \$49,000. The bandit walked into the bank about 11:10 a.m. and ordered about six employees and customers to line up against the wall. Then he instructed a teller to put the money into a bag he handed her. After the teller handed him back the bag, the bandit, holding a

FEAR TUNISIA
MAY INSIST ON
CLEARING BASE

WASHINGTON (AP) — Top officials expressed fear today that Tunisia would insist that France evacuate its big naval base at Bizerte regardless of the outcome of the furor over French bombing of a Tunisian village.

In the wake of the Saturday incident, Tunisian President Habib Bourguiba demanded evacuation of the naval base and removal of all French troops from his country. France was given 20-year rights to the base when Tunisia

pistol, turned and ran out the door and sped away in a late-model Chevrolet with a green body and a white top.

The bandit was described as between 25 and 30, with a brownish skin. He was wearing a brown felt hat and a light gray tweed topcoat.

Rescue Squad Here
Before Accident

COLUMBUS, Ohio (AP) — The emergency squad arrived before an accident happened at South Franklin School here. While squadmen were treating Larry Lybrook, 13, who hurt his ankle on a slide, Paul Poster, staggered across the school yard with a dislocated collarbone. He had slipped on the grass and fallen.

It is a key stronghold in the Mediterranean area.

Tunisia followed up by threatening to fire on any French warships entering the naval base and on French planes carrying supplies to the North African forces.

French leaders did not take seriously the threat to fire on the ships because the French navy holds the land approaches to the base and Tunisian artillery is limited in range.

But many authorities here expressed the view it was unlikely Bourguiba could back down on his demand because of the public outcry in Tunisia against France.

DOUBT NATION'S
ECONOMY WILL
IMPROVE SOON

MIAMI BEACH, Fla. (AP) — Organized labor expressed doubt today that the nation's lagging economy will begin recuperating at midyear as President Eisenhower anticipates and called for quick government remedial action.

That was the reaction of President George Meany and other AFL-CIO leaders to the government's announcement in Washington that unemployment jumped beyond 4½ million in January.

Meany forecast that the jobless figure will rise at least another million before the employment situation improves. He called for a stepped-up public works program and other stop-gap measures immediately.

Situation Far Worse
"I think the situation is far worse than the administration seems to feel it is," Meany said.

"Frankly, it's getting to the point now where unemployment is creating more unemployment. We need quick action to bolster purchasing power to stop this thing from rolling in a vicious circle."

The AFL-CIO leader pledged to work throughout the country with community groups to develop an effective program to see that no jobless worker or his family will go without food, clothing, shelter or medical care.

New Contract Clauses
At concluding sessions of the 10-day AFL-CIO winter meetings, the union leaders ordered all affiliated unions to insist henceforth on labor contract clauses barring racial discrimination in the nation's factories and other working places.

Unions also were instructed to create procedures within their own organizations to carry out "a meaningful civil rights program."

Teamsters Union leaders, meanwhile, continued their separate winter meeting. The Teamsters, expelled from the AFL-CIO on charges of corruption, nevertheless renewed a series of mutual aid agreements with AFL-CIO unions.

IKE PROPOSES POST OFFICE BUILDING TO TURN THE TIDE

WASHINGTON (AP) — President Eisenhower, moving to shore up the slumping economy, sent to Congress Wednesday a two-billion-dollar program to modernize post offices and postal services.

White House press secretary James C. Hagerty, disclosing plans for the postal modernization program, described it as one expected to "afford greater job opportunities in every section of the country."

Eisenhower proposed to finance it with revenues from an increase in postage rates. His request for a boost in postage on out of town letters from 3 to 5 cents faces an uphill fight in Congress.

Unemployed Total Up
Hagerty said "I think it would be fair" to describe the postal program as part of the administration's planning to combat the economic slump.

The announcement came on the heels of a Labor and Commerce Department report that the number of unemployed had soared 1,120,000 last month — biggest monthly rise since World War II — to a total of 4,494,000.

The White House announcement said the postal program would operate over the next three to five years.

Prompt Endorsement
Prompt endorsement came from the National Assn. of Postmasters and from Richard J. Gray, president of the AFL-CIO Building and Construction Trades Department.

Most of the building would be financed by private interests, under the lease-purchase law which permits the government to authorize such construction under a long-term lease arrangement. The when the buildings are paid for.

The White House announcement

Rep. Walter Settles His Support Suit

WASHINGTON (AP)—Rep. Walter (D-Pa.) has agreed to settle his wife's support suit by paying her \$150 a week for life plus an initial payment of \$1,500.

Mrs. Walter sued for support last October, alleging the congressman refused to live with her. In reply, Walter accused her of extravagances and leaving their Easton, Pa., home.

Under a consent order approved on Tuesday by Judge Godfrey L. Munter in Domestic Relations Court, the couple waived rights to each other's property.

estimated 1½ billion dollars of the new program would represent private investment in construction of new post offices. The government's actual capital investment would be 175 million a year earmarked for new mail handling devices and other equipment for the leased buildings, plus rehabilitation or expansion of some federally owned post office buildings.

Referring to the unemployment report, which showed 5.8 per cent of the nation's working force without jobs, Sen. Aiken (R-Vt.) said he was hoping "the administration would take this thing in hand before it gets too serious."

"The government should step in now to develop public works," Aiken said. "It should distribute food to the unemployed before they are forced onto the relief rolls. . . . Once we get started down an economic slide it will be difficult to stop."

But Sen. O'Mahoney, a member of the Senate House Economic Committee which has asked the White House to spell out plans for combating the slump, said he is convinced "the depression will not end next month or the month after that."

O'Mahoney said the administration ought to take the wraps off some dam and other water project contracts he said it has ordered the Interior Department not to sign.

REDS RELEASE 12 SCIENTISTS

HELMSTEDT, Germany (AP)—A group of 12 German scientists released by the Soviet Union arrived at this entrance to West Germany Wednesday.

The well-dressed men and their families leaned out the windows of a special train and waved

vigorously as they rolled through the Iron Curtain on their way home.

The group of about 33 persons arrived in East Germany earlier aboard the Moscow Blue Express. They changed at the East German customs depot at Frankfurt-on-Order to a special steamliner provided by the Communist regime.

Held Since War
The scientists are from a group of 21 who have been working for the Soviets at Sukhumi, on the Black Sea. The group was taken

to the Soviet Union by the Red Army after World War II and given work contracts. Their families were permitted to join them.

The Russians announced last month that the scientists could go home. The West German government claimed all wanted to return to the West, but the first three who arrived from Moscow last week remained in East Germany. The Communist regime said they had changed their minds about going West.

The remaining six scientists and

Children Are Victims
In New York City, Mrs. Mary Decker, 89-year-old widow, burned to death when fire leveled her century-old home in which she

lived alone. A young mother and her two infant sons died in a tenement house fire in Worcester, Mass.

At least two children died and seven persons were burned seriously when flames destroyed a small apartment house and a neighboring frame dwelling at Flint, Mich.

A peddler's knowledge
of vitamins

To sum it up . . . probably zero. The professional people who know about vitamins and nutritional supplements are doctors of medicine and registered pharmacists. The peddler's "knowledge" probably consists of a prepared sales talk which he memorized. Which may or may not give you all the facts. So, don't buy vitamins or nutritional supplements from door-to-door peddlers. Get them from a registered pharmacist who knows what he's selling—and gives you what you pay for.

VARIED REPORTS FOR WALL ST. TO PONDER TODAY

By SAM DAWSON
NEW YORK (AP)—Wall Street and Main Street have two things to ponder today:

1. Reassuring words from Washington that the slump is being watched and won't be allowed to get out of hand if the government

can help it.

2. A flood of disturbing earnings reports from many industries and in its wake a number of cuts in dividend payments on many omissions.

Profits are the life blood of American business. Without them business firms not only can't grow; in time they must fold. A distressing number of small businesses have been doing just that.

Mostly Shrinking Profits
Fortunately, with the great majority profits haven't turned to losses. It is a matter of shrinking profits.

Adding to the confusion, amidst

the flood of bad reports, record earnings for 1957 pop up almost daily. Often they are reported by individual companies in industries which as a whole are reporting declines.

Steel is an example. The two biggest companies made record profits last year. So high was their take that they outweighed the rest of the industry, where more than half reported declines and most others only slight advances.

Others Report Decline
In some other industries the down trend in profits is more nearly uniform. Textile firms go on with their own recession. Mining and metalworking companies are almost unanimous in reporting declining earnings.

As a whole the machinery makers and the machine tool industry are off from 1956, reflecting the slowdown in the business expansion program. This also shows up in the earnings of building material suppliers, off about 15 per cent from the previous year.

For most makers of farm equipment the trend is downward. All meat packers reporting so far have shown drops, in some cases steep ones.

More than half of the chemical companies reporting have felt the profit margin squeeze, as have all but two companies in the paper and paper products industry.

Feeling Squeeze
Most oil companies report declines.

The railroad's sad earnings song has been heard extensively in and out of Washington. All airlines reporting to date show sharply shrinking profits. So do some aircraft makers.

But a number of industries buoy up Wall Street's spirits. Retail companies reporting so far are in the main on the upgrade. For the group as a whole a 12 per cent gain is noted.

Utilities A Comfort
The old standby, the utilities are a comfort as usual. Only 13 out of the first 90 to report show any drop from a year ago. These regulated companies are as a whole showing a 6 per cent gain in profits over their 1956 returns.

Two industries are thought by some observers to be even profiting a little by the worries of other businessmen.

Tobacco companies show nice profit gains over the previous year. Makers of drugs without exception so far report gains. For the group as a whole they're up 14 per cent.

MISSISSIPPI FIRE WATCHER IS WIDOW, 51

LUCEDEALE, Miss. (AP)—Mississippi's only woman fire watcher is a 51-year-old widow who spends an average of 10 hours a day keeping an eye on George County woodlands.

And when forest fires are raging, Mrs. Mae Price stays on the job as many as 24 hours at a time, dispatching fire fighting crews and making decisions that determine the fate of 70 square miles of timberland.

It's a solitary existence for a woman, but Mrs. Price keeps busy even when there are no fires to report.

Not only must she maintain her office, but she also must keep daily weather records of temperature, wind velocity and direction and rainfall as part of the Mississippi Forestry Commission's program to predict, prevent, detect and extinguish forest fires.

Office 110 Feet Up
Her office is only 110 feet from her living quarters but it's 110 feet straight up and she must climb the 131 steps several times a day as she moves about her duties aloft and below. The only entrance to the office is through a counterbalanced trapdoor.

Her living quarters are similar to any housewife's home, but her office would make the average

housewife cringe. Aside from its lofty perch near the central community six miles west of here, the office is a mass of necessary clutter.

Crowding the glassed-in cubicle are radio transmitters and receivers, weather instruments, plotting boards, direction finders, maps and other tools of the fire fighting trade.

Evaluate Wisp Of Smoke
Mrs. Price must evaluate every wisp of smoke rising from the dark green tree tops, deciding whether it is a harmless campfire or the beginning of a devastating forest fire that could leave the land scorched and devoid of life.

Under her supervision also are the Forestry Commission's three truck-tractor units and five similar units and three jeeps belonging to paper and lumber mills in the area.

All fire fighting crews within her jurisdiction obey her instructions implicitly.

During the summers, Mrs. Price is the county's only fire spotter. During the winters, Mississippi's most dangerous time for forest fires, three other fire towers are manned, but they, too, are under Mrs. Price's supervision.

POLICE "SOUP" CARS
CINCINNATI (AP) The Cincinnati police department, tired of watching hotrodders out-distance their patrol cars during speed chases, have decided to fight fire with fire. The department have purchased seven

"souped up" cruisers which they hope will give them the edge on speeders.

Ontario mines produced \$660 million dollars worth of minerals in 1956.
